GREAT IMPROVEMENT IN DENTISTRY.

The attention of the public is called to a great discovery in Dentistry.

THE GREATEST ADVANCE STEP EVER MADE IN THE ART.

The main difficulty in wearing artificial teeth is, they do not hold in their place firmly enough, and add to this the annoyance of food getting under the plate while eating. I have discovered a method of so constructing the plate on which the teeth are set that they will not start or drop while eating or speaking. Neither will any particles of food get under the plate, no matter what the condition of the mouth is, which is not true of any method hitherto used.

I have secured Letters Patent for the United States, England and France.

The improvement is not in material, but in the construction, which causes the atmospheric pressure on the entire plate.

I have sold the exclusive of said improvement to Dr. L. Gilman, to wit, the Counties of Franklin, Washington, Chittenden, Lamoille and Grand Isle. Those wishing to avail themselves of such improvement, will call on

YOUNG DEXTER.

Those who desire to raise first-class stock, and all lovers of good horses, are respectfully informed that the Hambletonian trotting stallion, All-stand for a limited number of mares the ensuing season, at the Homestead Stock Farm, Greenwich, Washington County, N. Y., season to commence on the 1st of May and to end on the 1st of September. Young Dexter was bred at Chester, Orange County, N. Y., is four years old, by Rysdyck's Hambletonian, stands nearly 16 hands high, and is one of the best of the get of his celebrated sire, Young Dexter is a half brother to Dexter, George Wilkes, Bruno, Brutto—all to Mountain Boy—and other well known horses. Very evidently, from his size, shape, etc., Young Dexter will not only bring gentle, fine and speedy stock, but also handsome carriage and family horses as well. It is manifestly for the benefit of stock growers that they obtain not only the best and most popular blood in the country, but also that which commands the highest prices in market, and it requires no more labor or care to raise a good colt than an inferior one. It was with the view to improve the stock of horses in Northern New York, Vermont and New Hampshire, etc., that Young Dexter was purchased by its present owner, Mr. H. C. Page, Editor of the People's Journal—the object being to benefit farmers and stock growers who are willing to undergo the care and expense necessary to the raising of good horses.

For further particulars, terms, etc., address Homestead Stock Farm, Greenwich, Washington County, N. Y. E. G. STRATTON, Superintendent. 215-47

AGENTS WANTED FOR THE OFFICIAL

HISTORY OF THE WAR, Its Causes, Character, and Results!

By Hon. Alexander H. Stephens.

A Book for all Sections and all Parties.

This great work presents the only complete and impartial analysis of the causes of the War yet published, and gives these interior lights and shadows of the great conflict only known to those high officers who watched the flood-tide of revolution from its fountain springs, and which were so accessible to Mr. Stephens from his position as second officer of the Confederacy.

The public that has been surfeited with apparently similar productions, we promise a change of fare, both agreeable and salutary, and an intellectual treat of the highest order. The Great American War has at last found a historian worthy of its importance, and at whose hands it will receive that moderate, candid and impartial treatment which truth and justice so urgently demand.

The intense desire everywhere manifested to obtain this work, its official character and ready sale, combined with an increased commission, make it the best subscription book ever published.

One Agent in Eastern Pa., reports 72 subscribers in three days.

One in Boston, Mass., 108 subscribers in four days.

One in Memphis, Tenn., 106 subscribers in five days.
